 Chennai, India

PROFESSIONAL SUMMARY

Senior UI/UX Designer with 9+ years of experience crafting user-centered solutions for geospatial, enterprise, and SaaS applications. Expert in the full design cycle, from research to design systems, with a proven ability to increase product adoption. Combines deep UX expertise with presales acumen, designing compelling client demos and strategic proposals to align user needs with business wins.

PROFESSIONAL EXPERIENCE

SENIOR UI/UX DESIGNER

LTIMindtree

Oct 2024 – Present

- Designed and iterated on user interfaces within the Canvas platform for internal enterprise tools, focusing on workflow efficiency and user clarity.
- Transferred to the Presales team to strategically elevate client-facing interactive decks and proposal materials, applying UX principles to improve narrative flow, information architecture, and visual storytelling to increase engagement and win rates.

SENIOR ASSOCIATE - UI/UX DESIGNER

kCube Consultancy Services

Apr 2016 – Sep 2024

- Owned end-to-end UX design for 5+ geospatial SaaS applications, increasing user satisfaction scores by 30% (NPS & usability).
- Conducted user research and journey mapping, improving task completion rates for critical workflows by 40%.
- Created a scalable Figma design system adopted by 3 teams, reducing UI development time by 20%.

GRAPHIC DESIGNER

Satori Technologies

Apr 2015 – Apr 2016

- Designed visuals for educational publications and branding assets, contributing to a 15% increase in brand visibility.
- Created character illustrations and print materials, ensuring visual consistency across mediums.
